TO BEGIN ON VALENTINE'S DAY:

LOOKING FOR INTERCULTURAL COUPLES  
FOR "[MyNDTALK](#)" RADIO SHOW INTERVIEWS

Are you in an intercultural or interfaith romance, marriage, or family? Do you have experience, insight, inspiration and perhaps humor to share with others? If so, the radio program [MyNDTALK](#), broadcast locally over [WPFW](#) FM 89.3 and over numerous stations coast to coast, wants to hear from you.

JIM BROWN, Managing Producer of [MyNDTALK](#) with Dr. Pamela Brewer, welcomes inquiries from intercultural couples willing to appear on the program, and to share their experiences in behalf of uplifting the human family in our remarkable region, our remarkable times! ("Intercultural" includes international, interfaith, and interracial couples.)

The first interview will be scheduled for live on-the-air broadcast the afternoon of Friday, February 13, from 3 to 4 [pm](#). Follow-up interviews will be recorded by phone on a Sunday morning or Wednesday afternoon - and will be scheduled with Jim Brown. These interviews will be broadcast over a several month period on <http://www.MyNDTALK.org> and elsewhere.

Couples are sought in each of the below-described three situations. If your situation is different from what is identified below - but you think it would be of interest - don't hesitate to send along your info/email/phone as well.

- In the courting stages
- Within the first five years of your union, and
- Together for ten or more years.

FOR MORE INFORMATION, please contact Jim Brown directly at [MYNDTALKDAILY](#) (AT) [AOL.COM](#). Please include a brief "nutshell" of your relationship, your e-mail address, and your phone number.

[MyNDTALK](#) ITSELF began over [WPFW](#) FM 89.3, which remains its home station, in 1995. The program became available nationally in 2006, and can be heard by [internet](#) streaming at multiple sites, including <http://www.MyNDTALK.org>, as well as on the air. In 2014, [MyNDTALK](#) became an IRS-approved 501(C)3 organization and began broadcasting daily. To learn more, visit the [website](#) here:
